

The Garfield County Board of County Commissioners and Planning Commission invite you to participate in the Comprehensive Plan 2030 update!

Garfield County is embarking on a Comprehensive Plan Update and we want your help. To ensure that the plan reflects the values and vision of our community, we are creating a Citizens' Advisory Committee (CAC) to help guide the Comprehensive Plan process.

A Comprehensive Plan is a community's guide for making land use decisions. It is based on the community's values and vision for the future. The Garfield County Comprehensive Plan will provide guidance to decision-makers in forwarding the community's vision through establishing County goals and prioritizing implementation strategies for the next 20 years.

We are looking for interested citizens to help represent the diverse backgrounds and interests within Garfield County. We are specifically looking for public involvement and input in these areas (though all interested parties will be considered):

- * Rural / Agricultural Land Owners
- * Oil and Gas Industry
- * Tourism Industry and Recreation Industry
- * Natural Environment Advocate
- * Business Community
- * Other County Groups

The Comprehensive Plan time frame is expected to last 12 months and will include monthly meetings. If not chosen for the CAC, there are other opportunities to be involved such as public meetings, online inquiries, stakeholder meetings, and a Sounding Board Survey Group, which is a separate group that will be used to periodically test values, visions and ideas.

If you are interested in participating in either the CAC or the Sounding Board Survey Group, please send an email to tallen@garfield-county.com and include the following information:

- * Name, phone number and email address
- * Place of residence within the County
- * Specific Interest in Plan
- * Interest in position on CAC or Sounding Board
